All the programs,taught in the college,are affiliated with Kurukshetra University Kurukshetra and hence, all departments are required to implement the syllabus prescribed by the Kurukshetra University Kurukshetra. The Timetable Committee headed by the Principal and a senior Faculty Member draws up an in-depth timetable that effectively deploys the units of time for educational and co-curricular functions as for example, theory, practical, tutorial, ICT, life-skill, value education, and add-on classes thereby ensuring balance between the different types of engagement a scholar is expected to participate in. The departments strive for effective curriculum delivery through a combination of time-tested and progressive methods: starting with an entry-point evaluation of the scholar's flair and expectations relating to the course; and proceeding in step with a hard and fast of coaching plans primarily based totally on educational calendar detailed enough to cover the available timeframe, but flexible sufficient to allow changes. The teaching plans include designated apportionment of the syllabus amongst all the faculties of a specific department. The apportioning is performed democratically via dialogue and deliberations amongst faculties in departmental meetings. Faculty members take utmost care to finish the syllabus on time. Tutorials/projects, class tests and internal tests comprise the formal evaluative processes, however, college students are encouraged to meet faculty beyond schoolroom hours for doubt-clearing and curricular discussions. Extra hours are dedicated to take remedial lessons after completion of internal examinations to strengthen college students' preparedness before University examinations. Periodic checking of the syllabus by the Head of Departments and Dean of Academic Affairs take care of the progress of teaching-learning, and meetings of the Department with the Principal where the progress of the delivery of curriculum are often monitored and necessary course corrections are initiated. Since the institution specializes in the Engineering Sciences, fully equipped laboratories are available where the students get a hand on training with the concepts of engineering in the form of practical works. In order to inculcate the quality of self-learning, the students are assigned tasks in the form of various types of assignments that carry weight in the examinations. The college is well equipped with smart classrooms, virtual classrooms, audio-visual, and other ICT facilities which are extensively used by teachers in day-to-day teaching to make the delivery of the curriculum attractive to students.
